WAUUGH! I can't. I'm going with Tricia to a university thing. Yes, I am going to be The Spouse. First time ever in this context (though she's out; it's just that they haven't met me). Why am I nervous? Explain to me why I'm nervous. I haven't been this nervous since the first time I sat across the aisle from SR on the plane.

I'm going to spill something on the chancellor, aren't I? Shitshitshit.

I don't s'pose you want wall tomorrow night instead? Or in addition?

Holy shit on the panoramas, by the way. That's pretty damned awesome. Why don't I ever get picturesque?

Wall **every** night, if I have my way. Or at least until I get those dreams to go away.

Hey, are your Spiderman shoes stretching out yet?

Muuuuch better. I wrapped all the sticking-out parts of my feet in moleskin and wore 'em every evening. They're starting to get sort of me-shaped.

That is a good plan. Just wait until you find out what's going to happen to your toes.

Did you spill anything on the Chancellor?

Nope. I have been assured that I am a credit to academia. *g*

Picturesque is for *pictures*. We get, you know, what we get. Which might look okay in pictures...

Wall, schmall--you went to breakfast with Duke. Did he tell you any new good weirdness?

Somebody found a Viking hoard near Harrogate.

Has he been to Yorkshire recently?

 [Ometotchtli](#)

[COLLAPSE](#)

If he did, he paid cash. But if someone found a Viking hoard, you *know* it was a friend of Duke's.

And if he shows up some morning in a gold torque, we'll know it's seeeerious.

I guess it was mostly hack silver, all in a little silver vessel that the guy who found it first mistook for a ballcock*. It just emerged from a muddle field, where it had probably been buried for safekeeping lo these thousand years ago....

*toiler float, you pervert.

Yikes! Maybe he *did* pay cash...

(And I've replaced ballcocks. I am not a helpless mathgeek like some people. *g*)

Oh, wow. Can you imagine finding something like that? I'd go nuts.
